

Philosophy, Religion and Ethics

Curriculum Intent	<p>In Philosophy and Religious Studies at London Nautical School , we study the great minds of the past, to build the great minds of the future.</p> <p>Philosophy and Religious Studies offers you the opportunity to explore the reasons why people think and act the way they do, and how they are motivated by their beliefs. It also involves the study of key philosophical questions surrounding God, right and wrong, and the purpose of human life.</p> <p>During Key Stage 3 students will come to know the core beliefs, teachings and practices of the world’s main faiths before utilising that knowledge to explore key philosophical, moral and religious questions from a range of viewpoints. At Key Stage 4 students deepen their understanding of the teachings and practices of Christianity and Islam and consider a range of the ethical issues that define the modern world.</p>
