

## Sixth Form independent study and homework 2024 - 2025

### All Level subjects:

Homework and independent study are an important part of any A level success, alongside classwork students are required to complete homework and independent study.

Independent study involves reading around the subject, additional research and revisiting class work to aid memorisation of the content. It is expected that students study an additional 1 hour of independent study per 1 hour of class based study.

Students will also be given homework, they should expect to receive one homework task per week, per teacher for each subject. This homework will require students to spend a minimum of 1 hour on each homework assignment.

Homework can be submitted via google classroom or in person. For website based homework teachers will provide additional instructions on how they can be submitted.
