Welcome

Welcome to Year 8

This year is going to be a great year with many successes

It is also going to involve many challenges, but challenges are what help us develop and progress

The school provides all its students with an extremely wide variety of special events and out-of-school activities. As a result, students benefit from many opportunities to broaden their horizons and to develop their cultural and sporting talents. In particular, students have had great success in competing against other, often much larger, schools
