3. PPE Result

What does 9-1 mean?

The new GCSEs are ranked from grades 9-1 with a grade 9 the highest and grade 1 the lowest – with an ungraded GCSE still being a U.

The government have made it clear that a 'pass' grade for students is a 4 – and should be viewed in the same way as the old C grade. However, it's important to remember that the new exams are harder and so grades 1-3 will also demonstrate individual success for some students.

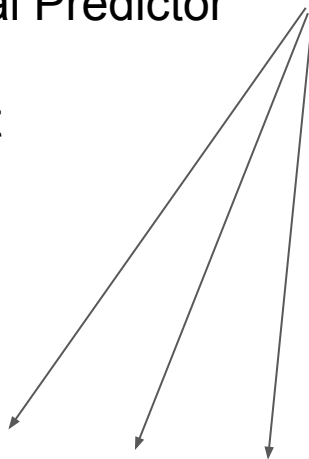

Only about half the number of students nationally that used to achieve an A* will achieve a new grade 9.

The table opposite shows how the old grading system relates to the new one.

The achievement of all young people is incredibly important and well deserved, and of course GCSE grades represent only a small amount of your child's experiences at school.

NEW GRADING STRUCTURE	OLD GRADING STRUCTURE
9	A*
8	A

6	B

CV - INTERVIEW

Quotes from LNS Participants

'I will feel a lot more confident in an interview environment and feel like I have a stronger CV too '

'I enjoyed it and believe everyone should do this '

'I'm really glad that I did this, I have an interview next week so it's great preparation'

'I think the session went really well and helped boost my self esteem'

'...This is a hugely important partnership. PwC can open minds to what sits outside the box in a way that teachers simply cannot... What was incredibly powerful and impacts profoundly on the boys is the high expectation of professionalism expected of them.'
