

YEAR 7 FLYING START

WHAT WE ARE MOST PROUD OF...ETHOS!

Nautical ethos of mutual respect, hard work, self-discipline and care for others leading to learning to become a self-disciplined leader

Achievement: learn and achieve beyond my expectations within an internationally-enriched and expansive curriculum, using world-class technology, with people who care

Understanding of me as an individual: staff who know me by name and help make my experience of school rich and happy

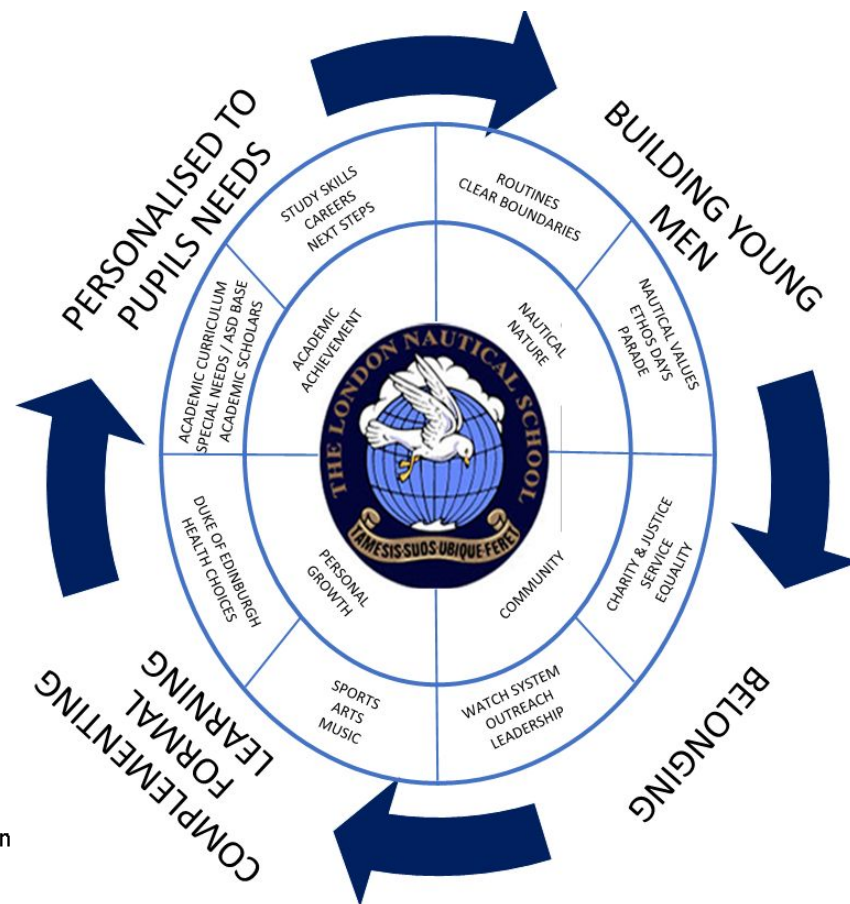

Teaching that inspires me, that challenges me, that gives me a lifelong love of learning

Interact with our local community and develop strong partnerships between it, school and home.

Care and value my education and to be challenged, engaged and excited about learning

Aspire to make a difference through our academic, moral and social formation

Learn and prepare for life beyond school and learn to respect the world around us.

Students show respect for and are courteous towards their teachers and one another

BE PROUD

The school provides all its students with an extremely wide variety of special events and out-of-school activities. As a result, students benefit from many opportunities to broaden their horizons and to develop their cultural and sporting talents. In particular, students have had great success in competing against other, often much larger, schools
